INTENSELY ALARMED

PEOPLE OF ST. PETERSBURG REPORTED TO BE ALMOST IN A STATE OF PANIC.

WIRE COMMUNICATION ENDED

SITUATION IN THE BALTIC PROVINCES MADE MORE GRAVE BY MUTINY OF TROOPS.

St. Petersburg, via Berlin, Dec. 4.—Intense alarm prevails here. Communication with the outer world by telegraph ceased Saturday morning when the Finnish operators joined their Russian comrades.

The embassies, legations and banks are hastily organizing courier services to both the Finnish and German frontiers.

The population is almost in a state of panic, fearing that the railroads will stop running and that the inhabitants therefore will have no mode of flight in the event of the cataclysm which they seem to fear is imminent. Stories of the spread of disaffection in the guard regiments are in everybody's mouth and the revolutionaries continue to boast that the troops will no longer fire on the people.

Saturday morning newsboys were openly hawking fly sheets in the streets containing an account of an alleged revolt at Tsarskoe Selo and crying out "the emperor's palace guard has mutinied."

Foundation of the Stories. According to reliable information the only foundation for these stories is the arrest of the soldiers of the guard at Tsarskoe Selo Thursday. Nevertheless, in their excited state the people give ready credence to all rumors and this adds to the general alarm.

The air is also filled with stories of the alleged revolution at the palace Friday in which Grand Duke Boris is said to have attempted the life of the emperor. These stories likewise are untrue, but they prove that a revolution in the palace is considered possible at any time.

This situation has greatly increased the dangers of a financial crash. The people, even the commercial interests, are withdrawing their money from the banks, converting it into gold, hoarding it or demanding foreign exchange which the state bank is issuing upon the foreign balances of the government. Exchange on London Friday rose to 2.50, over a rouble above the normal.

The Associated Press has just learned from a high authority that the situation in the Baltic provinces has grown exceedingly grave and that the troops at Revel and neighborhood are in open mutiny. This was the real cause of the extraordinary cabinet

meeting which was held at Tsarskoe Selo Friday night.

The Most Dangerous Factor.

All attempts to secure details of the uprising have thus far failed. According to reports the attitude of the troops in the Baltic provinces is regarded by the government as the most dangerous factor that has thus far developed.

A strike of the policemen and house porters of St. Petersburg is expected to occur soon.

Count Witte continues to refuse to deal with the telegraphers, declaring that for the government to yield would be equivalent to its abdication at their order. Nevertheless the surrender of the government to their demand for the dismissal of M. Durnovo, acting minister of the Interior, is regarded as inevitable.

Instructions to the governors and the local authorities are being sent with great difficulty over the railroad telegraph lines.

FOR UNITED STATES EMBASSY.

Supposed Guard on the Way to the Russian Capital.

Berlin, Dec. 4.—A guard for the United States embassy at St. Petersburg passed through here during the day. The men, who were dressed in civilians' clothes, are believed to be from the cruiser Minneapolis, which is at Gravesend, Eng.

Washington, Dec. 4.—It is believed here that the men who passed through Berlin are merely servants for Ambassador Meyer at St. Petersburg.

HOPING FOR A MIRACLE.

People of St. Petersburg Apprehensive of a Cataclysm.

London, Dec. 4.—The St. Petersburg correspondent of the Times expresses the belief that the union of unions will resolve on a general strike. He says that reaction is rapidly gaining the upper hand at Tsarskoe Selo. Troops are being drafted to St. Petersburg, as bloodshed appears to be imminent, with Count Witte powerless to stem the tide. The people are hoping for a miracle to avert the cataclysm.

Two Regiments Mutiny.

Vienna, Dec. 4.—The Tageblatt publishes a communication from Odessa which says the Ismaili and Donau regiments, stationed at Odessa, mutinied, but the authorities succeeded in disarming all the men.

WOMAN HOLDS A CAR.

Drives Out Other Passengers and Takes Possession.

Girard, Kan., Dec. 4.—Mrs. Ida Berry, who arrived here on a railroad ticket good for passage from Spokane, Wash., to Tulsa, I. T., took possession of the car on which she was a passenger, driving the other occupants out with a pistol and is still in the car.

No efforts have been made to capture her, except by persuasion, and she has threatened to shoot if not let alone. At night a dummy was fixed up and moved toward the door of the toilet room, which she had been using as a fort, and she fired a shot from above the transom, the bullet striking the dummy squarely on top of the head. The ruse was repeated but she could not be induced to shoot again.

There has been no fire in the car since it was sidetracked here and the woman has had nothing to eat unless she had something with her when she entered the toilet room. Officers have been made to her and baskets of provisions carried to the car, but she has positively refused to receive anything and threatened to shoot any one who would build a fire.

HOME RULE FOR IRELAND.

Question Being Forced to the Front in British Politics.

London, Dec. 4.—Evidence of the intention of the Unionist party to force the question of home rule for Ireland to the forefront in the impending struggle is shown in a message sent by Premier Balfour to a Unionist candidate in a bye-election, in which the premier says he "hopes the electors will set an example of determined resistance to those home rule proposals, which, as we have recently heard from the leader of the opposition, once again threaten the country."

Political gossip is busy with cabinet making for the Liberal party. The names suggested are interesting as forecasting the return to office of Sir Charles Dilke, who has been for twenty years without a portfolio.

The Daily Telegraph somewhat curiously predicts that the secretary for Ireland in the Liberal cabinet will be Sir Antony Macdonnell, at present under-secretary to the lord lieutenant of Ireland.

Indicted Alderman Dies.

Milwaukee, Dec. 4.—Charles Cooke, a former alderman of the Fourth ward of this city and against whom seven indictments for alleged grafting were returned by recent grand juries, died at night of dropsy after a long illness. Cooke was at one time a power in politics in this city. He was a Democrat.

OREGON LAND FRAUDS

EXACT EXTENT OF THEM NOT KNOWN, BUT IT IS THOUGHT TO BE ENORMOUS.

NORTHWESTERN MEN LOSERS

TWO FROM WISCONSIN AND ONE FROM MINNESOTA AMONG FORGERS' VICTIMS.

Portland, Ore., Dec. 4.—Only when all persons holding certificates for school lands in this state have sent their certificates to Salem to have them examined will it be possible to make an estimate of the extent of the gigantic swindles perpetrated on Easterners by unscrupulous land operators.

Governor Chamberlain during the day stated that there is no limit to the number of forged checks which could have been made, and it is safe to say, he added, that where the certificates were hypothecated the full amount shown by the certificate was obtained or where sales were made outright the full value of the land as shown by cruising, was paid by the victim.

Very few of the persons who possess forged certificates are known so far, but from the fact that persons in Minnesota, Wisconsin, Illinois, New York, New Jersey, Ohio and Florida are in possession of them, the officials fear that when the whole number develops it will include people in every state east of the Mississippi river.

The Heaviest Known Losers.

The heaviest losers known to the officials so far are H. Goddard of La Crosse, Wis., George Baldwin of Appleton, Wis., and H. M. Delattre of Minneapolis.

Governor Chamberlain said that at the present time he was unable to say who the fraudulent operators are. From other officials it was learned that there are certain persons under suspicion, but it is admitted that this suspicion is based on the fact that a man now under conviction in the federal courts of conspiracy to defraud the United States government of part of the public domain, appears as the assignee of the original entryman in one of the forged certificates.

On this piece of property, which lies in Southwestern Oregon, the state has issued two deeds on forged certificates. The original certificate was issued to Grant B. Johnson. One of the forged certificates shows that Johnson assigned the property to H. H. Biggs, who reassigned it to Hiram Goddard. The other certificate purports to have been assigned by Johnson to S. A. D. Puter, who reassigned it to C. G. Webster and W. H. Richardson.

The certificates which were forged were all for lands sold by the state prior to 1900. So perfect were the forgeries, it is said, that when W. H. Odell, former clerk of the land board, was shown a forged certificate and asked if it were his signature which was attached he unhesitatingly answered that it was.

WOMAN KILLED BY A BULLET

Man With Whom She Had Been Living Is Missing.

New York, Dec. 4.—Roy A. Miller, a telephone superintendent in an up town hotel, at an early hour in the morning aroused the occupants of the apartment house where he lived in East Forty-third street by shouting that someone had been shot. Horace Hedden, living in the adjoining apartment, rushed out and followed Miller to the latter's dining room, where a woman supposed to be Miller's wife fully dressed and unconscious, lay upon the floor. Miller fell to his knees and begged her to say she had shot herself, but there was no response.

Hedden hurried out for help. Returning a few minutes later with a policeman and a doctor, he found the woman dead and Miller gone. An all day search failed to locate Miller.

Neighbors of the Millers heard no quarrel, nor did they hear the report of the pistol. There were no signs of a struggle. The woman's clothing was scorched by the flash of powder, but the police say there was no trace of powder on her fingers. The pistol lay near the body, on the floor, one chamber empty.

A search of the woman's effects leads the police to believe that her real name was Miss Nellie Brod and that she came here from British Columbia. Several letters addressed to her in that name, signed evidently by her kinspeople, urged her to return home and the police say the woman told several of her friends a few days ago that she intended going back home. Her effects were packed as though she had intended leaving Miller.

FEEL MORE CONFIDENT.

Russian Officials Believe Danger of General Strike Is Past.

St. Petersburg, By Courier to Eydt. Lubne, East Prussia, Dec. 4.—There is now perceptible a more confident feeling in government circles. It is believed that the danger of an immediate general political strike and railroad tie-up is past and that the work men's council will stand by a compromise under which governmental and private factories will be opened.

This will leave the hands of the government free to deal with the telegraphers. M. Sevastianoff, superintendent of posts and telegraphs, has issued a notice to all telegraph and post employees that unless they return to work at once they would be discharged and their places filled.

The prefect of St. Petersburg, General de Dioulin, also issued a proclamation warning walking delegates and agitators that any attempt to dissuade employees, either of private or public concerns, by threats of violence to leave factories, mills or public institutions, would lead to their arrest and the imposition of a fine of \$250 and imprisonment for three months.

Furthermore the government has received reassuring news concerning the outbreak of troops in the Baltic provinces. M. Petrunkovitch, the zemstvoist and president of the Moscow Agricultural society, and his colleagues, at the invitation of Premier Witte, participated in the sitting of the council of ministers during the afternoon, when the election law was discussed. This also is interpreted favorably, but nevertheless it is realized that the situation may at any moment change for the worse should the leaders of the revolutionaries and social democrats, who seem to hold the fate of the country in their hands, suddenly alter their plans.

The government version of the arrest of soldiers of the guard at Tsarskoe Selo places an entirely new complexion on the affair. According to this version, the soldiers were incensed at the mutiny in Sebastopol and at the public insults to which they were constantly subjected, even in the streets of Tsarskoe Selo, and they demanded to be led against the revolutionaries and intelligentsia in the capital. When their officers tried to quiet them, the men became so obstreperous that they had to be arrested.

The reactionary influences at court and the imperial guard are making desperate efforts to unhorse Count Witte, to proclaim a dictatorship and to fight the revolution with bullets and bayonets. Their candidates for dictator are General Count Alexis Ignatieff and General Skallon, governor general of Poland.

FEAR A FRESH MASSACRE.

Jews Apprehensive of Slaughter at Odessa.

Odessa, (By Special Courier by Way of Podwoloczyska, Galicia, Dec. 4).—This dispatch is sent at the request of the Jewish community, which fears a fresh massacre by the local garrison. It is asserted that a proclamation is

being circulated in almost every regiment, calling on the soldiers to exterminate the Jews and to destroy the newspaper offices in revenge for groundless accusations against the troops of their participation in massacres and pillage and in the protection of rowdies.

This is exciting the population against the army. The Jews assert that the officers deliver anti-Semitic speeches in the barracks after removing the Jewish soldiers and that Governor General Kaulbars himself has confessed that the officers are burning for revenge on the Jews and that he is unable to guarantee the preservation of order.

In view of the fact this city is entirely cut off from St. Petersburg and thus is altogether in the hands of the local authorities, the Jewish community implores all civilized nations and their governments to take all possible measures at St. Petersburg to prevent a catastrophe which may exceed anything that has yet occurred.

MARTIAL LAW AT KIEFF.

Scores of Persons Killed or Wounded in That City.

Kieff, Russia, via Warsaw, Dec. 4.—There has been serious fighting between mutinous sappers and Cossacks and between workmen and bands of the "Black Hundred."

Scores of persons have been killed or wounded. Martial law has been proclaimed.

SHOOTS HIS PARENTS.

Illinois Youth Claims He Was Trying to Protect His Mother.

Alhambra, Ill., Dec. 4.—Henry Linemann, aged seventeen years, shot both his father and mother with a shotgun, wounding each seriously, as the outcome of his efforts to protect his mother from the alleged attack of his father. He accidentally tripped and fell, discharging the gun and shooting his mother. Then, it is stated, he fired and wounded his father. He was arrested and in jail tearfully asserted his only thought was to protect his mother.

MINNESOTA MAN A SUICIDE.

Borrows a Rifle and Ends His Life With the Weapon.

Duluth, Dec. 4.—Returning at night to his home over a barber shop in Carlton, Minn., with a borrowed rifle, George Palmer, aged twenty-three, entered a room and placing the muzzle of the gun under his chin, pulled the trigger, sending a bullet crashing through his head. When his young wife entered the room he was dead.

Two Men Killed by a Train.

Carbon, Ind., Dec. 4.—Harry Williams and Jack Shur were instantly killed near here at night by a west-bound Big Four passenger train. The men had taken a hand car and were on their way to Perth, when they were run down.

FRANK EDDY is one of the few editors whose head does not swell when he reads what some brother editor says of him and his political chances, and who does not republish in his own paper the laudations offered.

The fence posts of the future will be of cement and it is predicted that every farmer will have his inexpensive machine with which he can build the same as occasion may require at a cost not to exceed 25 cents, and once built they will last a lifetime.

THE Mora Times calls on the state press to give the people a rest from politics for a time and not set the political pot boiling so early in the game, and in the same issue suggests Jacobson as a man to be supported for governor and Senator Barker as their choice for lieutenant governor.

THE Wadena Pioneer-Journal thinks the friends of A. L. Cole may overdo the matter by booming him for so many offices—for fool friends have killed off more than one good man. Mr. Cole can represent his district either in the house or senate by making his preference known, and if he goes back to the house he will be a leading candidate for speaker of that body with a good chance to win.

WHEN one thinks that nearly 60,000 people were killed or injured in railroad accidents during the past year in the United States it is surprising with what little fear the countless number of people who travel daily regard a railroad trip. With the coming of the all steel cars, the block system and double track road, all of which will sooner or later be used by the larger railroad systems, the number of accidents will be greatly reduced.

TODD county has gained an unenviable reputation through the dirty political fights that have been put up there during the past ten years and there seems to be no let up. The best men in the community, if they are candidates for office, are held up to public scorn and every real or fancied grievance, whether it is of a personal or business nature, is fully ventilated in the local papers at the county seat. Most of the evil has arisen through a jealous rivalry of the local newspapers which has been carried to the factions represented by them and it is a tame issue indeed that some good man is not scored.

THE Osakis Review refutes the statement made by some of the twin city papers that so much anti-Buckman sentiment prevailed in Douglas county that it looked bad for the Sixth district congressman in that section. Certain Minneapolis publications have taken it on to themselves to let no opportunity escape whereby they can misconstrue the sentiment in Sixth district politics and especially in the congressional matter. In regard to the situation in Douglas county the Review says: "We have failed to uncover any deep laid plots to annihilate Buckman, but on the other hand if we were to make a guess would say that the congressman has more friends in Douglas county than ever. When you try to locate opposition to Buckman you always find it is like the Indians' best hunting grounds—just a little further on."

ABLE FINALLY SUCCUMBED

Samuel Able, Who Was Accidentally Shot While Hunting a Week or Two Ago.

Died Yesterday in This City

Samuel Able, of Backus, the man who was brought to St. Joseph's hospital about two weeks ago suffering from a gun shot, died yesterday morning about 10 o'clock at St. Joseph's hospital. Able, it will be remembered, is the man who while standing on a log with his companions in the Lake George country accidentally dropped his gun and it struck on the side of the log, the jar discharging the same. The bullet entered the lower part of the abdomen and plowed upward and lodged in the shoulder. It was a soft head bullet and the wonder is that his vital organs were not literally torn to pieces when it is considered what course the bullet took, but he revived and was driven through the woods a distance of 60 miles before Jenkins was reached and was brought to St. Joseph's hospital in this city.

At the hospital he showed wonderful vitality and the case baffled the surgeons and attracted the attention of all. It was almost positive from the first that he could not live, but he hung on and fought a great fight against death. Able was 35 years of age and leaves a wife and two small children. The remains were shipped to Backus this afternoon for burial.

Mrs. Able has been in the city since her husband was confined in the hospital and has been a constant attendant at the bedside. She left for the north this afternoon with the body.

EIGHTEEN MINERS KILLED.

Terrible Explosion Occurs in a Wyoming Mine.

Diamondville, Wyo., Dec. 4.—Eighteen miners lost their lives in an explosion late at night in the Diamond Coal and Coke company's mine No. 1. It is believed that all the men who perished were instantly killed.

The theory advanced by the miners is that a "blown out" shot caused the disastrous explosion which wrecked the mine. The shock of the explosion was felt all over the town, rocking buildings so violently that their occupants ran out into the open.

HAPPY WOMEN.

Plenty Of Them In Brainerd, And Good Reason For It.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Brainerd reader Should suffer in the face of evidence like this:

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "I believe that after what Doan's Kidney Pills did for me they will help anyone similarly troubled. Before using them I suffered for six months from my kidneys. There was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at a drug store and I took them with the result that they acted like a charm. I can truthfully say that I have not had a symptom since."

On October 28, 1904, six years after giving the above statement, Mrs. Zellers says: "I am just as glad to recommend Doan's Kidney Pills today as I was in 1898. I have not had an attack of kidney trouble since I used Doan's Kidney Pills, and must give them credit for a permanent cure."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no substitute.

"The faults of our Brothers we write upon the sand, their virtues upon the tablets of Love and Memory."

Impressive and solemn ceremonies were held at the Brainerd opera house yesterday afternoon under the auspices of Brainerd Lodge, No. 615, B. P. O. E., the event being the annual exercises commemorating the memory of deceased brothers. The opera house was comfortably filled for the occasion and it was the general opinion that notwithstanding there was some disappointment in not securing an outside speaker, that the exercises were carried out with about as much exactness as any that have ever been given under the auspices of this lodge.

The addresses were given this year by Exalted Ruler C. D. Johnson, Past Exalted Ruler J. T. Sanborn and Judge W. A. Fleming, and in each instance the gentlemen sustained the reputation that the lodge has made in this direction heretofore, and when the exercises were over there was not one who would ask for more.

The opening address was by Exalted Ruler C. D. Johnson and as usual he displayed exceptional oratorical ability giving a short talk that might well be placed upon any program of Elks' memorial day.

Judge Sanborn was at his best yesterday and his remarks, pertinent and to the point, made a deep impression on those present. He dwelt upon the principles upon which Elksdom is founded and drew lessons from the teachings that its ritual and ground work afford.

THE DEPARTED DEAD

Judge W. A. Fleming was assigned

the subject, "Our Departed" and his remarks were touching and to the point. He covered the subject in a most intelligent manner and paid a glowing tribute to the deceased brothers, three of whom died during the past year. Of these brothers who passed away, William Feltus, C. P. Dazell and George L. Hardy the Judge spoke as follows: "William Feltus, who became an Elk October 2nd, 1902, died in Arizona, May 25th, 1905. Brother Feltus was at the time he joined Brainerd lodge a resident of Walker. He was an attorney and counsellor at law. During his residence in Walker his life was pure and exemplary. He honored his profession by strict compliance with the rules laid down for the guidance of all lawyers. Stricken with the dread disease tuberculosis. He went to Arizona seeking health by a change of climate, but no relief came, and so passed away our brother.

"On June 1st, 1905, death again entered our ranks and took from us C. P. Dazell, of Artkin, Minn. Brother Dazell joined our lodge July 2nd, 1903. Of brother Dazell we personally know little. He was, we are told, an honorable man and a good citizen. He died at Wabasha, Minn., at the age of 29.

"George L. Hardy, whom we all knew, died June 28th, 1905, at Walker, Minn., at the age of 51. Brother Hardy was made an Elk Oct. 17th, 1901. He was an old resident of Cass county, having resided near Gull River on a farm many years. When Cass county was organized George Hardy was its first sheriff, which office he held to the time of his death. Brother Hardy was the soul of honor, quiet and unassuming, the maker of friends everywhere. His life was well spent and he left no enemies."

On account of the light Judge Fleming had some difficulty in reading his address.

Miss Lucy Sterns, of Duluth, presided at the piano and played the processional and recessional. The musical part of the program was not overlooked. Prof. F. E. Woodward was present, which added greatly to the program, and rendered an excellent solo, notwithstanding he was in very poor voice, having contracted a cold. Following this solo Rev. E. A. Allin offered prayer and then came the opening address by Exalted Ruler Johnson. This was followed by a solo by E. C. Griffith. Judge Fleming then gave his address and the Eolian quartette was heard to exceptionally good advantage in "Saviour, Blessed Saviour" by Reubenstein. Then followed the remarks of Judge Sanborn after which Judge S. F. Alderman rendered in an effective manner Jane Abbott's "Just for Today." Following the closing ceremonies the Eolian quartette sang, "I'm a Pilgrim, I'm a Stranger," the number being especially well rendered by the quartette and lodge.

The program throughout was interesting and was befitting the occasion.

IN A SOCIAL WAY

The friends of Mr. and Mrs. John Peterson to the number of 60 took them by surprise at their home six miles west of the city near the Kech school house yesterday, the occasion being the twenty-fifth anniversary of their wedding. The occasion was one long to be remembered and was a very enjoyable one, the host and hostess being the recipients of several handsome and valuable presents, the presentation speech being made by K. H. Olson of this city. Early in the evening a bounteous banquet was served which was followed by a dance. Mr. and Mrs. Peterson have lived in this county for many years and their friends are legion.

Takes Up New Line.

G. W. Vanderslice, well known in this city, who has been located at Houston, Texas, for some time as division superintendent for the Southern Pacific railway, has severed his connection with that company and removed to Kansas City where he has engaged in the real estate and brokerage business. Mr. Vanderslice came to Brainerd in 1882 and was connected with the Northern Pacific in the capacity of train dispatcher, being promoted to assistant and later to division superintendent, going from this city to Staples and later was transferred to Winnipeg where for several years he was in charge of the Winnipeg division of the N. P. road. As a railroad official Mr. Vanderslice made an enviable record and if perseverance and hustle will bring success there is no question of his future in the line he has chosen. His many friends in this section will wish him good luck in his new venture, and THE DISPATCH joins with them.

MUSIC AND DRAMA.

"THE SULTAN OF SULU" TONIGHT

Tonight George Ade's successful comic opera, "Sultan of Sulu" will be seen at the Brainerd opera house. This most substantial of all comic opera successes is almost too well known to need mention to our readers. Briefly outlined, the story of "The Sultan of Sulu" is woven around the episode which befalls Hadji Mohammed Ki-Ram, the Sultan of Sulu, or Jolo, who previous to the American invasion had acquired several interesting and charming additions to his harem at the expense of warfare with a neighboring Datto.

Characters in the opera are Colonel Jefferson Budd, an Arkansas politician and Brigadier of Volunteers; Lieut. Hardy, U. S. A.; Henrietta Budd, the Brigadier's daughter; Pamela Jackson, a female spinster and judge advocate; Wakeful M. Jones, a Chicago life insurance agent; Chiquita, the Sultan's favorite wife; a quartette of Boston school teachers, and the Sultan's secretary and retinue, and native dancing girls. The lyrics have a merry jingle and the music which was written by Alfred G. Wathall is tuneful and melodious and never fails to elicit encores. Among the numbers which have found favor in drawing rooms are "The Smiling Isle of Sulu," "My Sulu Lulu-lu," the military "Hike" song, "Engaged in a Sort of Way," "The U. S. A.," "If I But Knew," "R-E-M-O-R-S-E," "Ki-Rams Wedding March" and "Take Me Back to Manistee." Prices \$1.50, \$1.75 and 50c.

"WHY WOMEN SIN"

The sale of seats for "Why Women Sin," the attraction at the Brainerd opera house on Wednesday evening will open tomorrow morning.

The seeming indiscretions on the part of a society woman which are given color through a desire to find consolation away from a neglectful husband, the almost fiendish audacity of an unprincipled scoundrel who brings all his artifices into play for the purpose of tempting the young wife and mother, furnishes the main theme which serves to give dramatic action to this play. Prices 75, 50 and 25c.

Well today, appendicitis tomorrow. A common occurrence. But not when you find Dr. Adler's Treatment, the great appendicitis preventative, in the house. No cause to worry then. Johnson's Pharmacy.

Practical Remedy

H. P. Dunn & Co. Speaks Emphatically on Need of Reliable Treatment for Stomach Troubles.

"The demand of the hour," says H. P. Dunn & Co., Brainerd, Minn., leading druggists, "is for a reliable treatment of stomach troubles that is practical and convenient to use."

"There are many so-called cures," he continued, "but the trouble is that with the exception of Mio-na, they do not cure or they are not practical. This remedy is easy to use, being in tablet form, and the fact that we guarantee it to cure, or we will refund the money, shows what we think of its value. Everyone who has indigestion or stomach troubles, should procure this best of medicines and see how quickly it gives relief and health."

Mio-na, which is so strongly recommended by H. P. Dunn & Co., is the only known remedy that cures stomach troubles in a rational manner by strengthening the digestive system.

If you have a feeling of heaviness after eating, are bothered with belching of gasses, are nervous, easily irritated, dizzy, cannot sleep well, or have a head ache or back-ache, go to H. P. Dunn & Co. for a 50 cent box of Mio-na. Ask them to give you their guarantee so that the medicine will cost you nothing unless it restores health.

WORK OF CONGRESS

VERY LITTLE WILL BE DONE THE FIRST WEEK IN THE HOUSE BESIDES ORGANIZING.

FUNDS FOR PANAMA CANAL MAY BE PROVIDED BY AN EMERGENCY APPROPRIATION IN CASE OF NECESSITY.

Washington, Dec. 4.—Very little besides the organization of the house will be accomplished the first week of the session, although it is possible that an emergency appropriation for the Panama canal may be passed the last of this week. Until the committees are appointed such a bill would have to be considered by unanimous consent or under a special order. It will depend upon the needs of the canal finances whether the emergency appropriation will be rushed through this week or go over until the week following.

The leaders of the house have been informed that the emergency appropriation will not be needed until Dec. 15, and consequently the bill may not be passed until next week.

The first day will be taken up with the election of a speaker and other house officers. They will be those nominated by the Republican caucus Saturday night. They are Joseph G. Cannon of Illinois for speaker, W. P. Hepburn of Iowa for chairman of the caucus for the session, and H. C. Loudenslager of New Jersey for secretary.

It is already understood that the rules of the last house will be adopted after the members have been sworn in. The biennial lottery for seats will be an interesting occasion on the first day and at its conclusion the adjournment will follow. The second day will be devoted to the president's message and that will probably close the real business of the house for the week.

Speaker Cannon has not yet completed his committees but it is expected he will be ready to announce them early in the session.

Bills will be introduced every day that the house is in session from the beginning and will be printed and referred to the committees when appointed. It is expected that many important propositions will be presented during the early days of the session.

PRELIMINARY WORK.

Will Engross Attention of the Senate During the First Week.

Washington, Dec. 4.—Nothing but preliminary work will engross the attention of the senate the first week of the session. The senate is already organized, as it is a continuous body, and besides, there was a special session last spring when the new senators were sworn in. Senators Brandegee of Connecticut, Warner of Missouri, Frazier of Tennessee and La Follette of Wisconsin have not yet taken their oaths. The two former had not been elected when the special session adjourned.

A very short session will be held the first day and the senate will adjourn out of respect for the late Senator Platt of Connecticut as soon as the necessary formalities for the beginning of a new congress have been concluded. The second day the president's message will be received and read, and the third day is likely to be devoted to the introduction of bills. A short session will be held Thursday and the senate will then adjourn until the following Monday.

It is quite likely that a Republican caucus will be held early in the week for the purpose of authorizing the appointment of a committee to fill committee vacancies in the senate and for the selection of a steering committee for the session.

If the house of representatives should pass an emergency appropriation bill for the Panama canal, the senate will at once take it up and pass it, but this measure is not expected in the senate until the second week of the session.

INVESTIGATION TO BE MADE.

Plumb Bob Thrown Into President Roosevelt's Car.

Philadelphia, Dec. 4.—As a result of the casting of a plumb bob into President Roosevelt's special as it was passing through the northern part of this city Saturday night, the Pennsylvania railroad officials and the Philadelphia police authorities have united in a determined effort to break up the practice of throwing missiles at trains. A thorough investigation of Saturday night's incident is in progress. Nobody in the president's car was injured by the missile.

Factory Destroyed by Fire.

Terra Haute, Ind., Dec. 4.—The factory of Stahl, Urban & Co., manufacturers of workmen's clothing, was destroyed by fire at night. The loss to the firm is \$125,000, with \$69,000 insurance. The building was owned by Herman Hulman, Sr. His loss is \$75,000.

Honolulu, Dec. 4.—The Russian cruiser Lena, which was interned at Mare Island, San Francisco, during the Russo-Japanese war, sailed during the day for Vladivostok.

STEAMER ANGELINE SAFE.

Big Steel Freighter Arrives at Detroit After Hard Voyage.

Detroit, Dec. 4.—Sheathed in ice, the steel steamer Angeline, over whose safety there was for a time much apprehension, arrived at Detroit for fuel at night after one of the most thrilling voyages ever made by a vessel on the Great Lakes.

After leaving the Head of the Lakes with a cargo of iron ore for a Lake Erie port, the Angeline was struck by the tempest off the Neweaw peninsula and for two days had a terrific battle against the storm.

Once the vessel was near Eagle Harbor, but her master, Captain S. A. Lyons, was afraid that she would be driven on the rocks so he turned about and headed for the open. In this maneuver the boat was necessarily in the trough of the sea for a time and tons upon tons of water fell on her decks, threatening to crush in her hatches and flood her hold.

According to her crew, never were there such seas running on Superior and their dread was that two big waves would lift the vessel by her bow and stern and break her in two.

The crew expected to perish and became resigned to their fate.

Captain Lyons, who remained on the bridge during the entire forty-eight hours that the Angeline was battling with the tempest, said that the seas ran higher than the vessel's smokestack.

DOUBLE TRAGEDY AT CHICAGO

Cigarmaker Kills a Woman and Then Ends His Own Life.

Chicago, Dec. 4.—Frank Krouzek, a cigarmaker, shot and killed Mrs. Antoinette Liska, at whose house he was boarding, and then shot himself in the head, dying instantly. Krouzek, it is claimed, had tried to force his attentions on Mrs. Liska, and several times he had been requested to leave the house, but had refused. According to Antoinette Liska, the dead woman's daughter, the two had been quarreling violently just before the shooting occurred.

International Bicycle Race.

New York, Dec. 4.—The thirteenth annual international six-day bicycle race was started in Madison Square Garden at night with sixteen teams of two riders each competing. Five of the teams are composed of foreigners. The prizes this year amount in the aggregate to \$4,850.

Shoots a Woman and Himself.

Harrisburg, Pa., Dec. 4.—After shooting Mrs. Mary Chard, aged forty-two years, in the neck with a revolver, Roy C. McCurdy, aged nineteen years, fatally shot himself. McCurdy died without making a statement. No cause for the shooting is given.

TELEGRAPHIC BREVITIES.

Two new cases of yellow fever are reported at Havana. The victims are Spaniards.

Vice President Corral of Mexico continues gravely ill at Mexico City with typhoid fever.

Lord Curzon of Kedleston, former viceroy of India, and Lady Curzon have arrived at Dover, Eng.

Mrs. Sarah M. Perkins, a well known Ohio suffragist, was run over and almost instantly killed by a coal wagon at Cleveland.

The mansion built near Rye, N. Y., on Long Island sound, by John A. Dix, the war governor of New York, was destroyed by fire Sunday. Loss, \$75,000.

Charles T. Yerkes of Chicago, who is ill at the Waldorf-Astoria hotel in New York city, is said to be much better. The nature of Mr. Yerkes' illness is not stated.

County Commissioner John V. Kopf, who was stabbed at the election of the Thirteenth Ward Republican club in Chicago last Tuesday, is dead at Chicago. G. B. Roberts is under arrest for the crime.

BALFOUR MAY NOT RESIGN.

Believed That He May Yet Elect to Dissolve Parliament.

London, Dec. 2.—In some quarters it is considered possible that Premier Balfour may yet elect to dissolve parliament rather than resign. Some Liberals do not hesitate to attribute to the premier a deep laid plot to spring the surprise of a general election on the country at an inopportune moment for the sake of gaining a tactical advantage for his party by forcing the election before the new register of voters comes into operation in January. It is further alleged that hints of the premier's intention to resign have been spread with the purpose of concealing his real motives from the public. No matter what may be announced next week, it is a fact that both parties are preparing for an election campaign. The members are already making speeches in their constituencies. A feature of the oratory on both sides is the endeavor to force into prominence the party differences of the respective opponents over the fiscal and home rule questions. The Unionists are representing Sir Henry Campbell Bannerman and his Liberal followers as tied to the heels of John Redmond, while the Liberals are assiduously emphasizing the divergencies in the views of the Unionists for and against protection.

Feeling within the Unionist ranks still runs high.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars to F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

THE SITUATION IN KOREA.

Many Officials of the Hermit Kingdom Commit Suicide.

Seoul, Korea, Dec. 4.—The emperor has directed that the highest posthumous honors be accorded to Min Yung Whan, who committed suicide as a protest against the Japanese protectorate. The body will be given a state funeral.

Ex-Premier Chao and several minor officials have committed suicide in consequence of the action of Japan. On Min Yung Whan's body were found letters addressed to the foreign ministers, begging them to interfere on behalf of Korea.

Memorials continue to gather, but are not dispersed. Gendarmes and police are everywhere and alert to prevent a further outbreak.

There is some disposition here to connect the death of Min Yung Whan with the withdrawal of the American legation, as the Koreans had looked upon America as the most likely nation to interfere, and when they realized that they had been entertaining false hopes, they became keenly disappointed.

The Christian missionaries are greatly concerned over their future work in Korea, fearing that the new condition of affairs may have some influence upon their efforts.
